Daisuke Yamamoto.

I never knew you were actually so young
I had my looks changed in Arcana so people would take me more seriously
I may look young but I'm a gifted researcher with a PhD
I came to Japan because I was recruited to develop Arcana

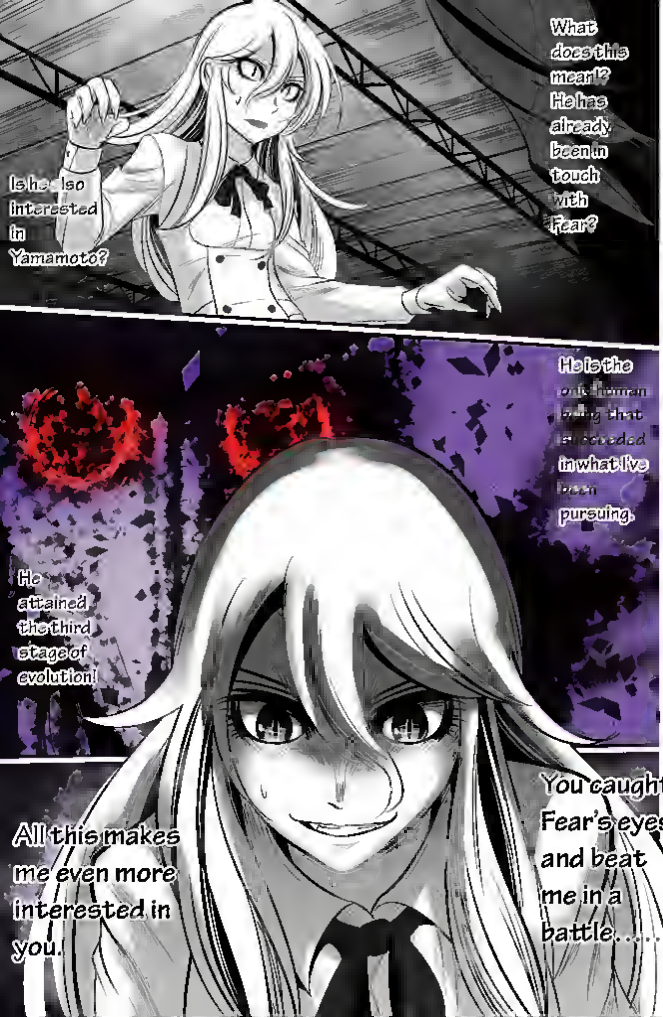
I'm not part of the development anymore though.
Oh, I wanted to know. What's the deal with Arcana turning into a game.....?
I wanted to talk to you about that today.
I have not given up on the third stage of evolution yet.
Weasel wanted to get rid of you, but
I am really interested in you.

You can't conduct any searches, let alone log in, can you?
I believe your account has been locked by Arcana.
I see! Now I understand.
I can actually unlock that.

Hee hee hee
It's pretty simple.
All you have to do is fight.
What do you really want?
Are you scheming something again?
Take out the card that was in the box.
OK
swip
arcana
Arcana now is totally different from its previous version.

I have something similar to this
Huh? That's not possible.....
arcana
That's called the vision key. You need that to login.
I didn't pick it up Someone gave it to me.....
Where did you pick that up?
The suit is a joker, but the other side is almost the same
See!

I call him Fear.
A guy in a black coat wearing a white bird-like mask.....
!?
How do you know Fear!? Tell me!!
Huh!?
Fear is a fictional masked character that I drew in my notebook.
俺設定ノート
How could you possibly know him?



What does this mean!? He has already been in touch with Fear?
Is he also interested in Yamamoto?
He is the only human being that has exceeded in what I've been pursuing.
He attained the third stage of evolution!
You caught Fear's eyes and beat me in a battle.....
All this makes me even more interested in you!

I knew it. The only key to the third stage of evolution is--
this guy!!
If I could go back to Arcana again.....
All right I would sell my soul to the devil

Ms. Habu with little boobies!
I'm counting on you!
Negotiation successful
Shoop
